

75 YEARS! SINCE 1948 TOBLER MARINA HAS PROVIDED BOATING FUN! Top 100 and 5 Star Marine Industry Certified Dealership! Tobler Marina is proud to be the only dealer in the Inland Northwest to achieve these two awards consecutively since 2009!

LET’S GO BOATING!

We are excited about the 2023 season and want to get yours started off right. Please review our annual Spring Service Menu that lists the services you may need to get you underway, choose the services you wish to have us perform, and then return the form to us. **Please schedule as soon as you know a pick up or delivery date so we can get your boat ready. We schedule service on a first come, first serve basis and it is not unusual for our schedule to be booked 2 – 3 weeks or more in advance for delivery in May, June or July.**

IMPORTANT *Idaho Boat Registration Renewal* **IMPORTANT**
 IDPR requires a current registration decal be displayed on your boat *at the time it is launched, and that the registration form be signed by the registered owner.* We can renew the registration in the Tobler Marina Business Office if you provide the original printed registration for 2022 and a valid photo identification. If you HAVE NOT received a boat registration renewal notice in the mail, contact IDPR at 208-334-4199 or go the IDPR website at <https://parksandrecreation.idaho.gov>

SELECTING YOUR SERVICE DEPARTMENT & BOAT DEALERSHIP
 Here at Tobler Marina we recognize that you have a choice where you have your boat serviced, repaired, winterized and summerized, even if you have an annual moorage / storage package elsewhere. We make it even easier with our valet pick up or delivery service. You have made a significant investment into your family’s summer fun, using a certified dealer who offers you the recommended service will maximize your time on the water, and save you money. We employ factory certified technicians, and we are an approved OEM service center that uses parts direct from Volvo, Mercruiser, PCM, Indmar, Mercury, Yamaha and Honda. We also employ the only Yamaha Certified Master Technician in Idaho. Are you confused by some of the packages now being offered by local marinas? If you currently have a slip with a marina that offers “moorage and storage” package for one flat fee, make sure you understand the service you are buying. We are equipped to handle all your boating needs. If your boat needs some bling, ask about our detail service, custom canvas or upholstery work. We take servicing your boat seriously and apply the standards of a 5 Star Certified Top 100 dealer.
We have the boat to meet your needs and the service you deserve!

BLACK ROCK MARINA and RIVERS EDGE MARINA
 Tobler Marina is entering our 7th year operating the Rivers Edge Marina. **We have slips available for the 2023 season!** Located in Post Falls on the Spokane River, Rivers Edge is an easy drive and has easy access to Lake Coeur d’Alene with a short boat ride up the beautiful Spokane River. For information on moorage and services available at this beautiful facility, call 208-772-3255.
 Tobler Marina is entering our 10th season as the preferred onsite sales and service provider at Black Rock Marina. We are continuing to work closely with the staff at the Black Rock Marina to offer you perfect and seamless service. Black Rock Marina will open for the season on May 1, 2023. For moorage or marina information contact **Black Rock Marina at 208-664-6931.**
